

Weddings in the Mediterranean biome

Do you dream of spending your wedding celebrations in the Med? Would you like an outdoor style wedding ceremony but are naturally concerned about the unpredictability of the British weather? The Mediterranean biome offers an alfresco style back drop but also prevents rain ruining the celebrations.

The complete wedding celebration can take place in the Mediterranean biome from saying 'I do' to 'farewell' at the end of the night. We offer couples exclusive use venue hire of the Mediterranean biome between 4.30pm and 1.00am from the beginning of April until the middle of October. The temperature within this biome is affected by the outdoor temperature so outside of these times the biome is too chilly for you and your guests to fully enjoy the celebrations.

Please note: therefore wedding ceremonies would take place at 5.00pm and our bar and music license is until 12.30am with carriages at 1am.

Wedding couples have the opportunity to create a bespoke plan for their wedding day with the assistance of our event planners or alternatively you may find that one of our wedding packages may suit you or we can tweak it accordingly for you.

The venue hire of the Mediterranean biome is **£5,000.00 + Vat**.
Please note: this fee is already included within our package prices.

For those of you who would like to extend their celebrations we can offer wedding ceremonies in our Gallery, which overlooks the biomes. This enables you to have your ceremony and drinks reception should you wish before continuing the celebrations in the Mediterranean biome from 4.30pm. The venue hire of the Gallery for this option would be **£750.00 + Vat**

Venue hire includes

- Venue hire of the Mediterranean biome from 4.30pm until 1am on the day of your wedding, this includes white table linen and napkins, our standard glassware, crockery, tables and chairs.
Please note: our bar and music license is until 12.30am and we ask for carriages at 1.00am
- Our team will lay your tables with any favours or table decorations you may have and pack this away for you at the end of the celebrations.
- An assigned event planner to work with you during the planning of your special day and to be on hand on your wedding day to ensure that all goes smoothly. We find it beneficial to have a rehearsal with yourselves and your bridal party the day before to recap what will happen on the day and hopefully calm any nerves.

- A PA system and AV Technician is also included, allowing you to play music from an iPod for the ceremony and drinks reception in the biome. In addition to this you are able to play background music during the meal and we provide a microphone for speeches.
Please note: all musicians and DJ's should be self-sufficient and we do not allow music to be played via our PA system for the party.
- Services of our in house floristry team are available at an additional cost.
Please note: Flowers from external sources are not allowed to be taken into the Eden Project biomes, should you wish to have flowers our floristry team can create this for you in line with our pest and disease controls.

Packages

We appreciate for some couples they are unsure where to start when planning a wedding and therefore appreciate the opportunity to choose a package. Our packages are each very different, aiming to reflect the different styles our couples choose. Each package can be tweaked to reflect you as a couple or alternatively you can pinch ideas and create your own bespoke plan, the choice is yours.
