

Health and Safety Guidelines for School Visits

We hope that you have an enjoyable and worthwhile trip to Eden. We have identified below the main hazards that could affect your visit and we ask that you co-operate fully with us to ensure the safe running of your trip. Please study the guidelines below and feel free to contact us if you have any concerns or feedback.

General Safety Measures

- School staff responsible for the supervision, welfare and behaviour of children at all times.
- Adult leaders should be aware of individuals with specific medical or behavioural conditions.
- It is the lead teacher's responsibility to ensure that staff and children are fully briefed.
- Staff and children are divided into small groups to explore the site.
- Students over the age of 16 can explore independently in small groups. Adult leaders should set up regular rendezvous.
- All adult leaders should carry a list of the children in their group and a means of communicating with the lead teacher.
- Adults who have become separated from their group or are late will be introduced to a member of the school staff before they are allowed to join the group.
- Eden Team trained in on-site emergency procedures, safeguarding and in dealing with vulnerable persons.
- Highly trained stewarding team with site-wide radio communications.
- Large number of trained first-aiders.
- As far as possible all school groups are met, given an introduction to Eden which includes a health and safety briefing, and provided with a base room.
- In case of emergency teachers and pupils should contact a member of the Eden Team.

Location	Description of Hazard	Like-lihood	Seriousness	Control measures in place
Site-wide	Personal injury through slips, trips & falls.	Med	Low	<ul style="list-style-type: none"> • Daily inspection of paths, steps etc. • Mentioned in introductory briefing re appropriate behaviour on site.
