

## EDEN ROLE PROFILE

**TITLE:** Horticulture Work Placement student

**UPDATED:** June 2012

**ROLE OVERVIEW:** The Horticulture team is responsible for creating and maintaining Eden's world famous plant exhibits. Working as part of this team you will contribute to this through practical involvement in horticultural and landscaping tasks.

### **EXPECTATIONS FOR PERFORMANCE:**

You will support the work of other team members in completing general horticultural tasks. These may include among other things:

- pruning
- soil preparation
- harvesting
- planting
- seed sowing
- watering
- weed and pest identification

### **KEY SKILLS THAT WILL HELP YOU:**

- Basic understanding of horticulture and landscaping or a willingness to learn!
- Good communication skills.
- The ability to follow instructions and ask questions if unsure.

### **QUALITIES YOU WILL NEED TO DISPLAY:**

- Ability to muck in with whatever work the team is doing.
- Punctual and reliable.
- Hard working and motivated.
- Commitment and enthusiasm for horticulture, plants and gardening.
- A desire to learn new horticultural skills.
- A willingness for hard physical work.
